

which occasion Mrs. E. G. Holding will be the hostess.

The regular semi-monthly social of the Opai club took place at the Ladies Literary club house on Monday evening. The attendance was larger than at any meeting of the club held thus far this season. The prizes for the three were awarded to Mrs. Brady, Messrs. Niess and Winthorpe. After cards adjournment was taken to the basement, where a delicious refreshment was served. Dancing followed until midnight.

The second military hop of battery A given at the armory on Monday evening, was a notable success and surpassed anything ever before attempted by them. The hall was gorgeous in all the pompous of war, with masses of flags covering ceiling and walls. The hall was attended by Governor Wells and staff, a large number of officers from the fort and sixty members of the battery in full dress uniforms, besides about eighty couples as guests.

Miss Florence Arbuckle was the hostess of a pleasant party which was given in honor of Miss Vera Neilson, who is about to leave for New York, and Miss Jessie Redfield, who will leave shortly for Boise. A delightful time was spent with games and music, after which a dainty supper was served. The invited guests were: Misses Vera Neilson, Jessie Redfield, Ethel Allen, Luella Barton, Edith Holman, Mary Lucas, Lillian Smith, Rose O'Brien, Sarah Eldredge, Ida Whitely, Josephine Burrows, Bessie Martin, Nellie Allen, Mabel Eccles, Edith Arbuckle, Mary Taylor, Jennie Harrington, and Messrs. RELIEF WILL BE SENT.

Success For the Stranded Miners at Unalak.

San Francisco, Nov. 30.—The United States government is preparing to send relief to the 115 Nome miners who are said to be stranded at Unalak. Captain Healy of the revenue cutter service has received orders to hold himself in readiness to proceed at once to the far north in command of the McCulloch. The McCulloch is conditioned for the trip and the government is only awaiting more specific information concerning the stranded men. Captain Healy, when sent, said that he does not think the miners are in pressing danger of suffering from lack of provisions, as both the Alaska and the North American Commercial companies have provisions stored at Unalak.

The men are destitute, but the companies will undoubtedly give them sufficient food to tide them over until relief arrives. Besides the stranded miners there are fifteen white men and about 150 natives in Unalak. The food supply, according to Captain Healy, is sufficient to sustain the white men and natives three months. It will require ten days for the McCulloch to reach Unalak.

CAUSE OF LOCKJAW CASES.

Experts at Camden, N. J., Make Defense of Vaccination.

New York, Nov. 30.—A special to the Herald from Camden, N. J., says the special committee of experts appointed by the Camden board of health to make a thorough investigation of the cases of tetanus has just made a report to that body, stating that not a single case of lockjaw has resulted from injection of vaccine virus. Every one has been due, it finds, to the atmosphere and telluric conditions which have prevailed during the last six weeks.

There had been a long period of dry weather, with winds, so that tetanus germs, says the committee, which have their normal habitat in the earth dust and dirt of stables, has been constantly distributed in the atmosphere. In the committee's opinion, vaccination is harmless, though care should be exercised in the treatment of the wounds.

FORM ANOTHER TRUST.

School Apparatus Dealers of Country Are to Combine.

Chicago, Nov. 30.—A combination of a number of the most important school apparatus dealers of the country has been effected, it is said, by the American Syndicate corporation. James E. Teller of this city, a brother of United States Senator Teller of Colorado, is mentioned as the leader of the movement.

The community of interests idea—the co-operative principle rather than trust agreement—is the basis of the organization, the main purpose of which, it is claimed, will be to improve existing trade methods, which are pronounced to be unsatisfactory to dealers as well as to the public. The aim of the combination is understood to be the control of the entire school apparatus business.

A General Burial.

(Chicago News.)

"After the live wolves how buried a few more hundred people," said the janitor philosopher, "they'll bury the wolves."

THE OLD WAY

Of Treating Stomach Trouble and Indigestion, a Barbarous and Useless One.

We say the old way, but really it is the common and usual one at the present time and many dyspeptics, and physicians as well, consider the first step in attempting to cure indigestion is to diet, either by selecting certain food and rejecting others or to greatly diminish the quantity of food usually taken.

In other words, the starvation plan is by many supposed to be the first essential in the cure of weak digestion.

The almost certain failure of the starvation cure for stomach trouble has been proven time and again, but still the usual advice, when dyspepsia makes its appearance, is a course of dieting.

All this is radically wrong. It is foolish and unscientific. It is a method of starving a person suffering from dyspepsia, because indigestion itself starves every organ and every nerve and fibre in the body.

What is needed is abundant nutrition, not less, and this means plenty of good, wholesome, well-cooked food and some natural digestive to assist the weak stomach to digest it.

This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted, and this is the way they cure the worst cases of stomach trouble.

The patient needs plenty of wholesome food, and Stuart's Dyspepsia Tablets digest it for him.

And this is in accordance with nature and common sense, because in this way the whole system is nourished and the overworked stomach rested, because the tablets will digest the food, whether the stomach works or not. One of Stuart's Dyspepsia Tablets will digest 1,800 grains of meat, eggs and similar food.

Any druggist will tell you that Stuart's Dyspepsia Tablets is a remedy of extraordinary value and probably the purest and safest remedy for stomach troubles.

No person suffering from poor digestion and lack of appetite can fail to be immediately and permanently benefited if they would make a practice of taking one or two of Stuart's Dyspepsia Tablets after each meal.

Next Thursday night the signal corps will hold its third competitive drill for the ownership of the gold medal. Interest is running high. If Sergeant Paul wins the medal Thursday night it will become his private property. Of course all the boys are working hard to win and the drill next Thursday night promises to be the hardest contest yet held.

The members and friends of battery A enjoyed themselves to the utmost last Monday night at the hop given at the armory by the battery. The drill hall was artistically decorated with flags, bunting and flowers and the club rooms in red and green. About 350 guests attended, departing with nothing but best wishes for battery A. This hop will be followed by something of a similar nature throughout the winter months.

On account of the battery ball given at the armory Monday night company H did not hold any drill, but instead held a business meeting in its club rooms. The company by-laws were gone over and several changes made in them and then accepted by the company.

Once more a requisition for Krags-Jorgensen rifles. This time there is more hope of having it filled than heretofore. When the rifles arrive they will be given to the organizations as a mark of credit. Only those organizations having good attendance at drills will receive the new rifles until about February, when all organizations will be equipped.

Colonel Park returned from an extended trip through the east last Thursday.

The minstrel troupe of company H will give a mammoth parade at noon Monday. There will be two performances given in the Salt Lake theatre Monday and Tuesday evenings. The boys have been working hard for some time to make the entertainment a success and it is hoped that standing room will be at a premium on both nights.

All members of the signal corps are ordered to appear for company inspection next Thursday night promptly at 8 o'clock. One week from Thursday Colonel Lund will inspect the corps. At the annual inspection held last winter the signal corps had the largest percentage of all organizations and the boys intend that it shall be the same this year.

The roster of company H was increased by two "new" last Monday night. This company now has a waiting list of six men, all of whom are anxious to be sworn into the service.

The hospital corps held only a short drill in the foot movements last Wednesday night on account of so many of the members of the corps belonging to the N. G. U football team, which went out for their Thanksgiving training to play the Agricultural college team. The team returned Friday.

Last Thursday being Thanksgiving the signal corps held no drill.

Company B seems to have relaxed into another long sleep, as only five men appeared for drill Wednesday night.

Another troop of cavalry is being organized to take the place of troop G as soon as mustered out. About twenty young men have signified their intention of joining and about ten members of other organizations will ask for transfer as soon as the troop is mustered into the service. It is thought that it will be more of a success than any other troop that has been organized in Salt Lake. The ranks will be recruited up to forty men before officers are elected. When the troop is on a firm basis all branches of the service will be represented in the N. G. U. signal corps, hospital corps, artillery, cavalry and infantry.

The basket ball team of company C is now ready to meet all comers. An interesting practice was held at the armory Tuesday night, when Coach Phillips put the boys through a course of "setting up" and "lying down" exercises, after which a long, hard practice was held. The boys have been practicing carefully for a long time and feel now that they would like a game in the near future.

The minstrel troupe of company H will hold a full dress rehearsal at the Theatre today at 2 o'clock.

The mark of proficiency won by members of the guard on the target range will be given to them about Christmas.

Captain Zink of company B has left the city for a prolonged stay in Mexico.

Company H will be given its annual inspection in the near future, probably one week from tomorrow night. As a large percentage of this company are new recruits and have never gone through an inspection they will be given special instruction almost every night from now until inspected by Colonel Lund.

There will be no drill at the armory Monday evening on account of the company H minstrel show at the Theatre.

The High school cadets have asked to have part of the house reserved at H company's minstrel show. They will attend in a body in uniform.

KING LEOPOLD AND TAMMANY.

'Tis Whisped That He Will Be Entertained by That Organization.

(Chicago Tribune's New York Letter.) From strictly "inside sources," as they say, it was learned tonight that Mayor Van Wyck is making elaborate plans for the entertainment of King Leopold of Belgium when he comes to New York. The mayor used to be against royalty of all sorts, but something has changed all that. When King Leopold visits the city hall he will be drawn out on municipal government in his own and neighboring municipalities.

King Leopold will be "pumped," as the Hon. Martin Engel puts it, and looz, or "loots," as some people call it in Limburg, Belgium. The Hon. John J. Scannell will respond to this by telling about "Loots in New Amsterdam and Haarlem."

How they do in Doesborgh, Holland, will be discussed by the king, and the response, "Whom they do in Doesborgh, Manhattan," will be by the Hon. John Doe himself, Richard Croker and Mayor Van Wyck.

King Leopold will tell about "Vice on the Mousie River, Belgium," where the kings and margraves used to rob the common people and laugh at them. The Hon. "Tim" Sullivan and the Hon. Max Hosten will turn in a few pertinent and timely remarks about "Vice on the Lower Hudson, and How We Could Not Get Along Without It."

Glorious "Givet in Namur, Southern Belgium," by the king, will be responded to by the Hon. William S. Devery, whose text will be "The Town of Gieveup, Southern New York." Mr. Devery will be assisted by the Hon. Frank Farrell and the Hon. One, Mahoney.

"Bouillon in Belgium" was on the list for the king, but certain candidates, the toast list for a response, said that would better be cut out until the king's next visit.

Not all the arrangements are perfected as yet, as the music committee has not yet selected the songs. There will be plenty of stringed instruments and there will be a solo on the lyre by a prominent candidate on the Tammany city ticket. The particular man who was asked to perform on this angle, and suggestive instrument asked to be excused, as he said he was "too new on his job."

It is "the general politics in it." The committee is looking for another performer and will choose from about 1,700 volunteers on the waiting list.

The Hon. Richard Croker's bull pups, Bromley Crib and Rodney Stone, will sit on the front steps of the city hall on the occasion of the visit of King Leopold.

Mayor Van Wyck has already selected one of the ballads for the welcoming. The chorus will include those famous soloists, the Hon. "Tim" Sullivan, and the Hon. Maurice F. Holahan, the Hon. Frank Farrell and the Hon. One Mahoney.

The chorus of the ballad was given out tonight at the Democratic club. It is from a well known western singer.

So let us sing, long live the King. Long live the Queen and Jack. Long live the ten spot and the ace, and also all the pack.
